

## ***Student Projects for the 21st Century***

**Day:** Wednesday, November 18, 2009  
**Session:** 9:15 – 10:30 am  
**Room:** Palo Verde East/West – 21<sup>st</sup> Century Classroom

### **Presenters:**

**Valerie Quarto** – [vquarto@cochise.az.gov](mailto:vquarto@cochise.az.gov)  
Technology Integration Specialist, Cochise & Santa Cruz Counties  
AZ Statewide Instructional Technology Project

**Ann Lumm** – [alumm@schools.maricopa.gov](mailto:alumm@schools.maricopa.gov)  
Technology Integration Specialist, Maricopa County  
AZ Statewide Instructional Technology Project

### **Session Description:**

From the perspective of a student, participants will engage in activities designed by teachers as they develop projects to assist students in mastering standards utilizing 21st Century skills. Unit plans developed during Intel® Teach courses incorporate standards, learning goals and objectives, assessment, and differentiation, as well as 21st Century Skills.

### **How the session addresses Innovation:**

Intel® Teach Program offerings promote the attainment of challenging standards and learning of 21st century skills. Participants will have an opportunity to explore ideas and participate in hands-on investigation of internet resources and tools to fully integrate technology, on-going assessment, student-centered high-order learning, and differentiation in an e-learning platform.

### **Presenter Information:**

**Valerie Quarto** is a Technology Integration Specialist with the Statewide Instructional technology Project and is a Senior Instructor with Intel® Teach.

**Ann Lumm** is an Educational Technology Consultant currently working with Isaac Elementary School District, Phoenix, AZ. Ann is a Master Trainer with Intel® Teach.
